

Line Names, Space Names and Ledger Lines

The Staff: The next step in reading music is understanding how the staff is used.

The Staff is set of 5 lines and 4 spaces which are used for writing the letter name of the note also known as the pitch name. The pitch names are based on the musical alphabet **A B C D E F G**.

The note heads are placed either on the line or in-between the lines in a space.

Notes have a letter name based on the musical alphabet of "A B C D E F G" (remember that notes can have rhythm names too). The letter name depends on what line or space the note (note-head) is written on.

The diagram shows a musical staff with a treble clef. Notes are placed on lines and in spaces, with labels for their names. Above the staff, two boxes labeled "Line Names" and "Space Names" have arrows pointing to the corresponding lines and spaces. The notes and their labels are: Every (line 1), Good (space 1), Boy (line 2), Does (space 2), Fine (line 3), F (space 3), A (line 4), C (space 4), and E (line 5).

The diagram shows a musical staff with a treble clef. Notes are placed on lines and in spaces above and below the staff, with labels for their names. The notes and their labels are: G (line 6), A (space 6), B (line 7), D (line 4), C (space 4), and B (line 3).

Ledger Lines - are Names of the lines and spaces above and below the 5 line staff.
